Subject:- Suggestions regarding amendments in curriculum of BBA (Bachelor of Business Administration).

Reference:- SGBAU/6-D/A-148/2021 Dated: 17/11/2021

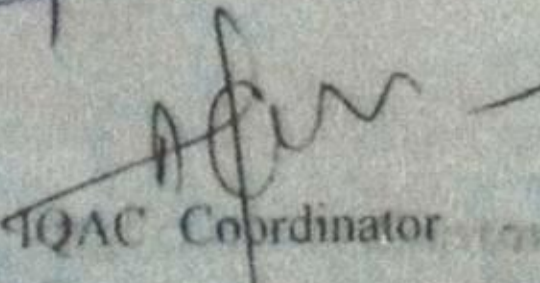

Dear Sir/Madam,

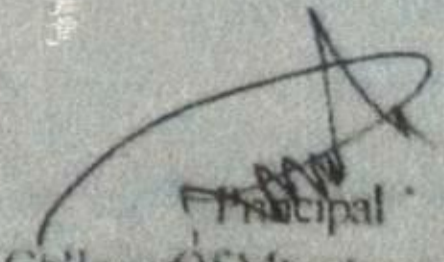

With reference to above subject and reference letter number, herewith I am suggesting following amendments in BBA (Bachelor of Business Administration).

- 1) Today as the students needed at least the basic knowledge of Computers, the subject like **Fundamentals of Computing** covering the basics of computer and internet along with office automation software needs to be included in the syllabus as a core subject in the first year of this programme.
- 2) In the Final year, the syllabus should content one practical or field work type of paper, that will be base on live case studies so that the student will get the exposure of implementation of course contents and that will help them for business start-ups after their graduation.

Subject:- Suggestions regarding amendments in curriculum of BCA

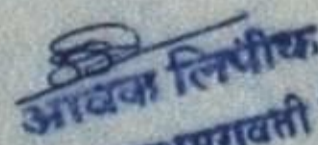

Reference:- SGBAU/6-D/A-148/2021 Dated: 17/11/2021

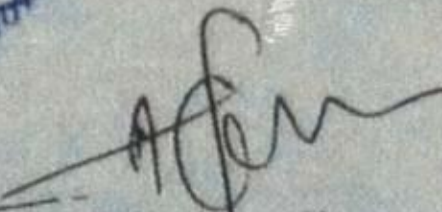

Dear Sir/Madam,

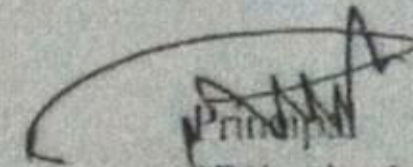

With reference to above subject and reference letter number, herewith I am suggesting following amendments in Bachelor of Computer Application

- 1) In BCA first Year Sem-1 and Sem-2 Communication Skill Subject can be combined with Business Communication Skills to make students aware regarding Business Ethics.
- 2) In BCA Second Year Sem-4, Web Designing and Office Automation Subject Syllabus need to be updated with PHP contents.
- 3) As BCA is application oriented program, Mobile App development with the help of Android can be included.
- 4) As BCA is application oriented program, it must be differentiated with B.Sc.(Computer Science) with the inclusion of latest industry requirements with the help of more exposure in practical's.

Subject:- Suggestions regarding amendments in curriculum of MBA.
Reference:- SGBAU/6-D/A-148/2021 Dated: 17/11/2021

Dear Sir/Madam,

With reference to above subject and reference letter number, herewith I am suggesting following amendments in MBA

- 1) As in today's era is start-up's era subject focusing on entrepreneurship should be included in the syllabus. Which will lead in developing business leaders of tomorrow
- 2) Subjects like Event management and Hospitality management can be given as an optional subjects in MBA as these subjects can trending now a days.
- 3) More subjects should be focused on computer literacy
- 4) More subjects related should be added in syllabus related to statistics and research
- 5) Streams like operations and supply chain management should be added in the program.

Subject:- Suggestions regarding amendments in curriculum of M.Sc.(Computer Science).
Reference:- SGBAU/6-D/A-148/2021 Dated: 17/11/2021

Dear Sir/Madam,

With reference to above subject and reference letter number, herewith I am suggesting following amendments in M.Sc.(Computer Science).

- 1) While classroom teaching for the subject .NET Using C# in sem-1, most of the concepts of java programming needs to be explained to the students and it is given in sem-2. So it will be better to change the subject sequence.
- 2) As M.Sc.(Computer Science) is a pure computer science programme, the subjects like Cloud computing and Big Data Analysis needs to be included in the syllabus that will help students in further research.
- 3) As per the designed scheme for examination, 32 marks out of 80 in theory subject and 8 marks out of 20 for internal assessment for the same subject in required by the student to clear the subject. But the university is not following the mentioned scheme. It will be better to go with the designed scheme to produce good quality students.
