Mentor-Mentee Report Academic Session 2020-2021

In Our College students from various family backgrounds and from various areas of district are admitted. College has been working on mentor-mentee scheme to establish relationship between teachers and students. Mentorship is one of the personal and relationship-building learning experiences.

In this academic year 2020-2021 for UG two mentors were assigned and for PG only one mentor is assigned. Due to pandemic situation of COVID-19, academic session was conducted through online platforms such as ZOOM, Google-meet, and Google-Classrooms.

In addition to academic learning, there are many additional sources of tress that the student faces. Some of them discussed below.

- 1) Lack of confidence
- 2) Poor grades/not studying or reading enough
- 3) Facing network issues for online classes
- 4) Less participation in curricular activities conducted online.

All the problems mentioned above were discussed with the mentors by mentees and mentors try to solve these problems. Mentors found that the newly admitted students were hesitating to discuss their problem such as understanding of the topics of various subjects with their subject teacher. Mentors suggested students to participate in various activities such as quiz competition, unit test, sessional exams, presentation competition so that their confidence will rise.

Sr. No.	Issue Raised	Issues Resolved
1	Students were not able to attend the online lectures properly due to network issues.	Faculty members have recorded their video lectures on respective topics of their subject. Mentors uploaded these video lectures on Google classroom so that student can access these lectures any time anywhere.
