About Management Fest:

Those days have clearly gone by when college life was entirely about academics and the students mostly focused on attending lectures and writing exams. In current times, with a view to engage students and prepare them for the real world, colleges and universities routinely organize college fests where they encourage students to participate and showcase their latent talent. Students also put in their best efforts to make these college fests entertaining and exciting.

It is a significant platform which gives students the opportunity to hear from their seniors about their journey and experiences from college to the corporate world. Alumni can share their wealth of experience and skills with current students via talks and newsletters. Further, they can help support students in work placements and in launching careers.
