HARIKISAN JAJOO EDUCATION SANSTHA

Today, Harikisan Jajoo Education Sanstha, Yavatmal is one of the fastest growing organization in the field of education. An organization devoted to the cause of propagation of education among all the sections of the society.

The Founders of the Sanstha aspire to create an enduring "College of Management and Computer Science" unique in its "Guiding Vision, Faculty, Curriculum and Students".

The founders, being leading businessmen and industrialists know the demands of the industry and have an urge to train the students as per the requirements of the industry. The founders believe in developing professionals who believe in themselves and are equipped with the latest state of the art in their respective fields; professionals who are confident and can compete in the challenging world.

THE OBJECTIVE

- 1) To give society a team of young and dynamic management and computer professionals.
- 2) To run the institute for imparting knowledge and training in management and computer technology.
- 3) To publish periodicals, journals, books and other literature in the respective fields.
- 4) To collect information and set up a bureau regarding management and computer technology.
- 5) To perform all acts, deeds or things that are necessary for the advancement and attainment of the aforesaid objectives.

CMCS FACTS :

- ◆ **College of Management and Computer Science, Yavatmal**, was started with the permission of the Government of Maharashtra and was established in the Year 2002, formally affiliated to S.G.B. Amravati University, Amravati.
- ◆ **CMCS, Yavatmal** is one of the few professionally run premier institute in this region. The College has been continuously striving for excellence in education, training, research and consultancy in the fields of Management and Computer Science with a **Mission of Offering Value Based Education**.
- ◆ Having the aspiration to groom future generation of business and IT leaders, the founders are committed to provide all the facilities and support for quality education and research to the students.
- ◆ The environment of **CMCS** nurtures creativity, innovativeness, professional approach, positive attitude, technical skills and motivates the students to excel in their endeavour.
- ◆ The College regularly invites experts from allied disciplines of management and computers to guide the students.
- ◆ Seminars, market surveys, developing & presenting reports, group discussions and case presentations are held at regular intervals.

- ◆ **CMCS** has a committee - based system for a systematic approach towards education, important amongst them are the "Placement, Academics, Seminars and Presentations, Sports, Field visits and Students coordinating committees".

CMCS has "student council & staff council committee"

CMCS has an "Anti Eve Teasing committee" for women's protection."

CMCS has an "Anti Ragging Committee" for student's protection."

CMCS MISSION

Position

To be the leading and most sought after institute of education & research in emerging technology and management disciplines that attracts, retains and sustains gifted individuals of significant potential.

Accomplishment

To offer rewarding, relevant, knowledge driven learning and research experience and be the centre of outstanding individual and institutional accomplishments that explores new horizons and creates challenging opportunities.

Values

To be a socially responsible institution of visible values and high ethical practices that nurtures an environment of equity, enlightenment, freedom and enterprise and enriches the learning ethos of our people.

PROGRAMS OFFERED

Sr. No.	Program Abbreviation	Program Name	Program Start Year
1.	BCA	Bachelor of Computer Application	2002
2.	BBA	Bachelor of Business Administration	2002
3.	M.Sc. (Comp.)	Master of Science in Computer Science	2005
4.	MBA	Master of Business Administration	2008
5.	B.Sc.	Bachelor of Science	2023
4.	B.Com.	Bachelor of Commerce	2023

PRESIDENT'S MESSAGE

In Yavatmal district, CMCS is the first college to introduce professional courses such as BCA, BBA, MSc, MBA with a mission to produce young, dynamic & quality computer & management professionals who will lead the industry in near future. It gives me immense pleasure to convey that we have been successfully achieving this since last 24 Yrs.

The world of Globalization has opened new doors for many industries to grow many fields & there is a great need of competent authority that can take over & show remarkable progress with their performance. With the boom in IT, Retail, Manufacturing, FMCG, Banking & Export, India is seen as a favourite destination for business.

We provide the best of infrastructure and a pleasant ambience to study. In our college, we are always in quest to provide eminent personality from the corporate world to interact with students who share their experience & give guidance. We also have separate Training & Placement Cell that help students to get assistance in building their careers.

The guest Lecture series at CMCS will present respected and renowned national & international experts, academicians & practitioners to speak on specific topics related to their field of expertise. CMCS will invite or accept the request from these speakers to share their knowledge and working experience with the students.

I feel proud to say that I have given a great opportunity to the students in Yavatmal district by providing quality education and I am optimistic about my students who will build their great career in near future.

Mr. Prakash H. Jajoo

President,
Harikisan Jajoo Education Sanstha,
Yavatmal

PRINCIPAL'S MESSAGE

“Education is the most powerful weapon which you can use to change the world.”

— Nelson Mandela

I am greatly rejoiced and proudly place on record the fact that College Of Management And Computer Science, the visionary dream of it's founder Chairman Mr. Prakashji Jajoo & Secretary Mr. Aashishji Jajoo A visionary leaders whose little mission a decade ago to transform a small college into a big one, has unfolded into an institution of glorious past and great future.

In order to accomplish our vision and mission, we are prepared to take as much effort as possible for the betterment of academic scenario in our region. We believe that education is an effective medium of social transformation. We get encouragement, looking at bright and successful careers of our thousands of students, which subsequently benefit the society. I feel proud that I am a part of such an excellent institute, which is shaping modern India.

College Of Management And Computer Science endowed with progressive futuristic outlook aims continual growth in the quality of all academic activities with a sense of commitment to fully meet the expectations of the students, parents and society at large.

Our college cares for the individual development of each and every student. We follow “mentor system” under which each class is put into the multi-pronged web of a teacher. We accord prime importance to the behavioural discipline, moral integrity and cognitive developments of our students. Departments of NSS, Physical Education and Centre for Women Empowerment offer integrated services for the multi-faceted developments of our students. Our teachers strive to teach not only academic programmes but also life skills needed for students' self - development with highly resourceful faculty. I wish the best of fortune, peace and prosperity to all those who contribute to the noble task of spreading education and its manifest qualities, aims and objectives.

Prof. Ritesh D. Chandak

Principal,
College of Management And
Computer Science, Yavatmal

CERTIFICATE OF VERIFIED CARBON UNIT (VCU) RETIREMENT

Certificate of Verified Carbon Unit (VCU) Retirement

Verra, in its capacity as administrator of the Verra Registry, does hereby certify that on 23 Mar 2021, 7 Verified Carbon Units (VCUs) were retired on behalf of:

College of Management and Computer Science, Yavatmal

Project name:

1.6 MW Bundled Rice Husk Based Cogeneration Plant by M/s. MTK food Limited (MFL) in Patala (Punjab) & Moradabad (U.P) Districts

VCU serial number:

8521-28109954-28109960-MCS-VCU-291-VER-IN1-784-01012018-31122018-D

Additional Certifications:

Additional details on this retirement can be found on the Verra Registry.

BACHELOR OF COMPUTER APPLICATION

- **B.C.A.** - Bachelor of Computer Application
- **Duration** - 3 Years (Full- Time) NEP
- **Eligibility** - 1. As per Sant Gadgebaba Amravati University Norms
2. MAH - CET

Overview:

Bachelor of Computer Application helps you to learn aspects of Software Development and Software Engineering. It also teaches you about various Development tools involved in creating Application Software and it inculcates various methodologies in Automation.

In India, the Computer Industry has been growing at a phenomenal rate making it amongst the fastest growing sectors of the economy. When compared to pure Computer Science, the number of professionals graduating with specialization in computer application has been on the rise. The reason being the availability of very user-friendly development tools whereby and specific background is not a requirement for a student pursuing courses in Computer Science like BCA.

Who is it for ?

The degree is designed for a wide range of students, including those who wish to pursue a career in software engineering or computer programming, based on a strong technical competence in information systems, and also those who wish to move on to study for higher degrees in the computing and information technology area. No prior knowledge of computing is assumed.

Studying Computer Science will give you the fundamental skills needed to become a Computer Professional. You will learn how to turn a proposal into a working system that can develop and grow to meet new and changing needs. It is the aim of this course, to give you a wide appreciation of the subject, rather than just an understanding of existing commercial approach, so that your understanding and knowledge can adopt and evolve to match the skills that will be required in the 21st century.

Admission : Admissions are done on the basis of rank in Common Entrance Test conducted by MAHA CET. Final allotments will be based on the marks secured in the entrance test. CAP rounds are conducted by Directorate of Technical Education (DTE), Mumbai as per the eligibility criteria constituted By Govt. of India, Govt. of Maharashtra, A.I.C.T.E., D.T.E. and S.G.B. Amravati University whichever applicable.

Fees of the Course : This fees has been decided by Fess Regulatory Authority, Mumbai. It's regulatory body of Govt. Of Maharashtra for fixation of Fees of all Professional Courses.

Syllabus : As Per SGBAU, Amravati

BCA = Hardware + Software + Networking

Programme Outcomes

- PO1 : Acquire Knowledge of mathematical foundations, computer application theory and algorithm principles in the design and modelling of computer based system.
- PO2 : To provide thorough understanding of nature, scope and application of computer and computer languages.
- PO3 : To develop interdisciplinary approach among the students.
- PO4 : Exhibit clarity on both conceptual and application-oriented skills of Computing, programming for higher studies in Post Graduate programs.

Programme Specific Outcomes

PSO1 : To pursue further studies to get specialization in Computer Science and Applications, Economics, Mathematics, business administration.

PSO2 : To pursue the career in corporate sector can opt for MBA, MCA.

PSO3 : To Work in the IT sector as programmer, system engineer, software tester, junior programmer, web developer, system administrator, software developer, etc.

PSO4 : To work in public sector undertakings and Government organizations.

PSO5 : For teaching in Schools and Colleges.

Job Prospects :

- Programmers
- Web Designers / Developers
- Marketing of Software Products
- Software Developers
- Technical Support
- Training/Research

In all types of work environments, whether with small companies or large, success in employment involves a mixture of technical expertise and strong communication skills. The knowledge and qualifications gained will enable you to work in any country.

Our Students Are Placed In Following Companies

- ◆ *HCL, Pune*
- ◆ *Infosys, Pune,*
- ◆ *Aditya Birla Group*
- ◆ *HDFC, Yavatmal*

BACHELOR OF BUSINESS ADMINISTRATION

- **B.B.A.** - Bachelor of Business Administration
- **Duration** - 3 Year (Full-Time) (CBCS - Semester Pattern) - NEP
- **Eligibility** - 1. As per Sant Gadgebaba Amravati University Norms
2. MAH - CET

Overview

A Bachelor of Business Administration (BBA) is essential for those seeking a successful career in business. The Graduation Programme in Management is our flagship programme. No longer you can depend on good looks and chance moves to make your mark. Today, business is about skills and strategies. The BBA degree gives the students an opportunity to study the activity of business management and the environment in which the manager operates in an intellectually rigorous fashion. Various project throughout the Program allows students to specialize in an area of business such as management, marketing, finance, accounting, sales, personnel management etc.

Who is it for ?

This degree may suit you if you are interested in a career in management, consultancy, banking, accountancy, Sales & Advertisement or Marketing management etc. It will also be useful if you want to go on to pursue further training in management and corporate disciplines.

Admission : Admissions are done on the basis of rank in Common Entrance Test conducted by MAHA CET. Final allotments will be based on the marks secured in the entrance test. CAP rounds are conducted by Directorate of Technical Education (DTE), Mumbai as per the eligibility criteria constituted By Govt. of India, Govt. of Maharashtra, A.I.C.T.E., D.T.E. and S.G.B. Amravati University whichever applicable.

Fees of the Course : This fees has been decided by Fess Regulatory Authority, Mumbai. It's regulatory body of Govt. Of Maharashtra for fixation of Fees of all Professional Courses.

Goal of this Course :

The goal of this BBA Degree is to develop highly educated business professionals. This goal is accomplished through an academic experience involving curricular & co-curricular activities. This program consists of two major components.

- Professional Education in Business Administration
- Development of one's personal skills.

Each component is necessary and cannot be neglected to succeed in this program. We have created a learning culture where individual vision, intellectual discipline and a sense of teamwork are valued.

Course contents :

As per S.G.B. Amravati University Syllabus.

Programme Outcomes

- PO1 : Use analytical and reflective thinking techniques to identify and analyze business problems, develop viable solutions, and make effective decisions.
- PO2 : Apply appropriate quantitative and qualitative techniques in solving business problems.
- PO3 : Demonstrate competency in the underlying concepts, theory and tools taught in the core curriculum.
- PO4 : Identify and analyse relevant factors that influence decision-making in business.
- PO5 : Develop viable alternatives and make effective decisions in an international business context.
- PO6 : Effectively address important international and multicultural issues that impact business.
- PO7 : Acquire skills and competencies in the field of international business and finance.

Programme Specific Outcomes

- PSO1 : Demonstrate proficiency in the fundamental business principles and practices that enable successful firms to operate in domestic and global environments.
- PSO2 : Demonstrate critical thinking and analysis skills that solve business problems in a real-world context.
- PSO3 : Demonstrate effective Communication through the delivery of written and oral presentations.
- PSO4 : Specify the role of technology as a strategy for competitive advantage in business.
- PSO5 : Identify ethical issues that impact business decisions from economic, political, legal, and social perspectives.

Job Prospects :

● Managerial Positions in

- | | |
|---------------------------------------|------------------------------------|
| a) Business Houses/Corporations | b) Industrial Houses |
| c) Export Organizations | d) Marketing Organizations |
| e) International Development Agencies | f) Non - Governmental Organization |

| i) Banks | j) Trading Companies |

● Consultancy / Self Employment

● Training / Research

● Own Businesses

MASTER OF SCIENCE (COMPUTER SCIENCE)

- **M.Sc. (Computer Science)**
- **Duration : 2 Year (Full time)**
- **Eligibility : 1) B.Sc. (Computer Science) 2) B.C.S. 3) B.C.A.**

Overview :

This two-year post graduation program is introduced for those students who aim to acquire in-depth knowledge of Computer Hardware, Software, Networking, and other modern trends in computers. The program is designed in such a way that students can pursue their careers with solid education.

This program provides flexibility of selecting optional subjects from different areas related to computers. Depending upon their area of interest students can select subjects which gives them exposure to modern trends in computers.

Who is it for ?

This program is for those who aim to acquire in-depth knowledge in computers. Also, it is helpful for those who aim to go for research in computers, and also teaching.

B.Sc. (Computer Science), B.C.S. & B.C.A. students are eligible to secure admission to this program.

Course Contents :

As prescribed by Sant Gadge Baba Amravati University Syllabus

Program Outcomes

This program develops human resource for government organizations, IT industries as well as equip students to start their own business as a software developer, database administrator, programmer, system analyst, data scientist, web application developer, system programmer, software testing, expert system designer.

Program Specific Outcomes

- PSO1 : Students will be able to adapt the skills to implement effective solutions for need based problems by applying knowledge gained through different programming languages, tools and software covered in the syllabus of program.
- PSO2 : Student will be able to learn working and type of operating systems, distributed operating systems, its process, and memory and file management which enables them to take appropriate optimized decisions for applying necessary algorithms.
- PSO3 : Students will be able to handle network related problems by studying data communication network, network security courses. Students learn to troubleshoot fault detection in combinational switching circuits, learn and utilize the concepts of mobile communications.
- PSO4 : Students will be able to learn and apply the concepts of software engineering which is essentially important while working on big modules and or projects.

PSO5 : Students will be able to apply and implement the working of compilers which also tends them towards system programming. By using various components students will be able to implement an efficient scalable software solution in the form of web or windows application. Students are prepared for research oriented concepts of data mining and data warehousing.

PSO6 : Student will learn the necessity and importance of data pre - processing, data integration, data discretization. Students learn the concepts of OLAP technology, data mining methods, various classification and prediction methods, accuracy and error measures, various methods of cluster analysis, graph mining and mining sequence patterns.

PSO7 : Students will be able to understand and implement the mathematical modelling of graphical objects required to be drawn/used in different kind of graphical applications. Students learn Remote method invocation for cross-platform data access applications, application related to artificial intelligence using Prolog language, digital image processing techniques.

Job Prospects :

- | | |
|----------------------------------|-------------------------|
| 1) Software Developer/Programmer | 2) System Administrator |
| 3) Database Administrator | 4) Project Coordinator |
| 5) Lecturer | 6) System Analyst |
| 7) Network Administrator | 8) Web designer |

MASTER OF BUSINESS ADMINISTRATION

- **M.B.A.** - **Master of Business Administration**
- **Duration** - **2 Year (Full- Time)**
- **Eligibility** - **As per Sant Gadgebaba Amravati University Norms**

The Vision of M.B.A. Program

Our vision is to become an internationally top ranked, research driven institute. An institution that will create future leaders for India & the world. The program provides for strong conceptual frame work of management applicable to diverse function areas of business management. The knowledge gained from this program not only promises a successful career but also enables the candidates to reflect critically upon their own skills.

With the increased globalization & one of the most sought destinations, India is creating ample opportunities of business.

CMCS sees three important trends which will influence the world :

- * Requirement of global competencies in the world.
- * Globalization of Indian Corporations.
- * Increasing interest in management best practices in emerging markets including India.

1. Duration And Syllabus Of The Course :-

Duration of MBA is two years, each year consists of two semesters. Syllabus of Sant Gadge Baba Amravati University is applicable for the program. Any change brought out by Sant Gadge Baba Amravati University will be applicable and bound to the students admitted in this course.

In Final Year, following subjects are available for specialization, Student has to choose any one of the following :

- 1. Marketing 2. Human Resource 3. Finance**

Program Outcomes

- PO1 : Apply knowledge of management theories and practices to solve business problems.
- PO2 : Foster Analytical and critical thinking abilities for data-based decision making.
- PO3 : Ability to develop Value based Leadership ability.
- PO4 : Ability to understand, analyze and communicate global, economic, legal, and ethical aspects of business.
- PO5 : Ability to lead themselves and others in the achievement of organizational goals, contributing effectively to a team environment.

Program Specific Outcomes

- PSO1 : Students should exhibit effective skills of communication to organize presentations, events, exhibitions, seminars and conferences.
- PSO2 : Demonstrate knowledge and understanding of data based decision making using their critical-thinking and problem solving skills in multidisciplinary environments.
- PSO3 : An ability to apply knowledge, skills and right attitude necessary to provide effective leadership in a global environment.
- PSO4 : An ability to develop competent management professionals with strong ethical values, capable of assuming a pivotal role in various sectors of the Indian Economy & Society, aligned with the national priorities.
- PSO5 : An ability to develop proactive thinking so as to perform effectively in the dynamic socio-economic and business ecosystem.
- PSO6 : An ability to communicate effectively.

BACHELOR OF SCIENCE

- **B.Sc.** - **Bachelor Of Science**
- **Duration** - **3 Years (Full- Time)**
- **Eligibility** - **As per Sant Gadgebaba Amravati University Norms**

Overview

A Bachelor of Science (B.Sc.) degree in Computer Science with Physics, Electronics, and Mathematics is an undergraduate academic degree program that combines the study of any three fields given above. The program is designed to provide students with a solid foundation in computer science with physics, electronics, and mathematics.

Computer Science:

Students learn about computer systems, programming languages, algorithms, data structures, software engineering, and computer networks.

Physics:

Physics is essential for many fields, including engineering, medicine, and computer science.

Electronics:

The design and development of electronic devices and systems, including electronic circuits, microprocessors, digital systems, and communication systems.

Mathematics:

Mathematics is a fundamental discipline that underpins many areas of science and technology.

Combined, any three fields offer students a comprehensive education in science and technology, providing them with the skills and knowledge necessary to pursue careers in a wide range of industries, including software development, telecommunications, data analysis, electronics, and research. Graduates of this program can pursue higher education or enter the workforce as computer scientists, physicists, electronic engineers, mathematicians, data analysts, or other related fields.

Who is it for?

A Bachelor of Science (B.Sc.) degree in Computer Science with Physics, Electronics, and Mathematics is generally suitable for students who have a strong interest and aptitude in science, technology, and mathematics. This program is particularly appropriate for students who are interested in pursuing careers in fields such as software development, telecommunications, data analysis, electronics, or research.

This program is suitable for students who are interested in pursuing a career in a wide range of industries, including technology, engineering, research, academia, and government.

Graduates of this program can also pursue advanced degrees in fields such as computer science with physics, mathematics, or electronics.

Groups Available

- B.Sc. (CP)** = Computer Science + Physics
- B.Sc. (CE)** = Computer Science + Electronics
- B.Sc. (CM)** = Computer Science + Mathematics

Course contents : As per S.G.B. Amravati University Syllabus.

Goals for this Course

1. **Developing critical thinking skills and analytical abilities:** B.Sc. courses typically require students to analyse complex problems and apply scientific principles to find solutions.
2. **Gaining subject-specific knowledge :** B.Sc. courses are designed to provide students with in-depth knowledge of their chosen field of study, which can prepare them for careers in that area.
3. **Enhancing research skills:** B.Sc. courses often require students to conduct independent research, which can help develop their research skills and prepare them for graduate-level studies.
4. **Developing communication skills:** B.Sc. courses typically require students to present their findings and ideas in written and oral formats, which can help improve their communication skills.

Programme Outcomes

- POS1** : Enhance the knowledge of student in all basic sciences.
- POS2** : Identify ,formulate and develop solutions to computational challenges.
- POS3** : Develop students' abilities and aptitudes to apply the mathematical ideas.
- POS4** : Critical Thinking: Take informed actions after identifying the assumptions that frame our thinking and actions, checking out the degree to which these assumptions are accurate and valid, and looking at our ideas and decisions (intellectual, organizational, and personal) from different perspectives.
- POS5** : Effective Communication: Speak, read, write and listen clearly in person and through electronic media in English and in one Indian language, and make meaning of the world by connecting people, ideas, books, media and technology.
- POS6** : Environment and Sustainability: Understand the issues of environmental contexts and sustainable development.
- POS7** : Utilize the basic knowledge in Electronics science and to identify electronic components and ICs.

Programme Specific Outcomes

Electronics

- PSO1** : Acquire knowledge in fundamental aspects of all branches of Electronics
- PSO2** : Create inquisitiveness and problem-solving skills and to apply the principles of Electronics in solutions to real world problems
- PSO3** : Select and apply cutting-edge engineering hardware and software tools to solve complex Electronics and Communication Engineering problems.

Computer Science

- PSO1** : Understand the computer hardware and software and use the knowledge of software installation.
- PSO2** : Select modern computing tools and techniques for programming task.
- PSO3** : Identify, analyse, formulate and develop computer-based solutions to meet desired needs within realistic constraints.
- PSO4** : Develop databases and perform operations on them.

Mathematics

- PSO1** : Understand major concepts in all disciplines of Mathematics
- PSO2** : Formulate and develop Mathematical arguments in a logical manner
- PSO3** : Gain good knowledge and understanding in advanced Mathematics
- PSO4** : Create an awareness of the impact of Mathematics on the environment, society and development outside the scientific community.

Physics

- PSO1** : Acquire a comprehensive knowledge and sound understanding of fundamentals of Physics
- PSO2** : Develop laboratory skills, enabling them to take measurement in a physic laboratory and analyse the measurements to draw valid conclusions.
- PSO3** : Be prepared to acquire a range of general skills, to solve problems, to evaluate information, to use computers productively, to communicate with society effectively and learn independently.

Job Prospects

The B.Sc. degree program in Computer Science, Physics, Electronics, and Mathematics provides students with a broad range of skills and knowledge that can lead to a variety of career paths. Here are some of the job prospects that students can consider after completing this program:

1. Software Developer
2. Data Analyst
3. Systems Analyst
4. Research Scientist
5. Computer Hardware Engineer
6. Mathematician
7. Educator

BACHELOR OF COMMERCE

- **B.Com.** - Bachelor of Commerce
- **Duration** - 3 Year (Full- Time)
- **Eligibility** - As per Sant Gadgebaba Amravati University Norms

Overview

B.Com. is an undergraduate degree program in the field of commerce and business that typically takes three years to complete. The program aims to provide students with a broad understanding of various aspects of commerce, including accounting, finance, economics, business law, marketing, and management. It emphasizes the development of critical thinking, problem-solving, and communication skills, and includes theoretical coursework, practical projects, and internships. Graduates can pursue a variety of career paths in business and commerce or pursue advanced degrees in related fields.

Who is it for?

B.Com. is for students who are interested in business and commerce and want to pursue a career in these fields. It is ideal for those with strong analytical and problem-solving skills, good communication and interpersonal skills, and an interest in accounting, finance, marketing, or entrepreneurship. The program is also suitable for those interested in pursuing advanced degrees in related fields to enhance their career prospects.

Goal of This Course

- s Provide a broad understanding of commerce and business
- s Develop analytical and problem-solving skills
- s Equip students for various business careers
- s Emphasize critical thinking and ethical responsibility
- s Provide real-world learning opportunities
- s Prepare students to be competent and ethical professionals.

Course contents : As per S.G.B. Amravati University Syllabus.

Program Outcomes

- PO1** : To impart the basic knowledge of Economics, Accountancy & Statistics, management, planning, organizing, directing and controlling, creating a cash book and ledger books, application of computers and its development, business sectors, firms, e-commerce, cashless transaction, local and global enterprises and trade.
- PO2** : To develop presentation skills and ability of goal setting and to bring about the holistic development of the students.
- PO3** : To develop ethics of life and to inculcate Environmental awareness.

Program Specific Outcomes

- PSO1** : Attain requisite skills and knowledge after the completion of the programme.
- PSO2** : Achieve the basic knowledge of Economics, Accountancy & Statistics.
- PSO3** : Achieve requisite skills and knowledge of preparing cashbook, ledger books and balance sheet of company.

*Others need to pay Rs. 2000/- (per course)

RULES OF CONDUCT AND DISCIPLINE

1. The college maintains strict discipline and expects rules to be followed by every student in the college campus and outside. Students must obey the instructions of the Principal. Students found violating the rules of the college administration or behaving in an indiscipline manner will have their names removed from the college rolls. It will be presumed on admission that the students concerned and their parents and/or guardians have read and concurred with these rules.
2. **Attendance :** As per the University rules, every student is required to attend 75% of the lectures (Theory and Practical taken together). The student having an attendance below 75% will not be permitted to appear for the University examination. The students remaining absent without genuine reasons will have to pay a fine as decided by the college.
3. **Identity Card :** Every student will get his/her identity card from the college after submitting one self thumb size photograph. It is essential for every college student to bear the Identity card with them while in the college premises so that he/she is able to produce it on being asked to. The loss of the I-card must be reported immediately to the office clerk. He/She will get the new I-card after paying the fine of Rs. 250/- and submission one thumb size photograph.
4. Students should make careful use of college books, room furniture, fans, laboratory equipment and all the college property. The cost of any damage done would be recoverable from the students either individually or collectively as the case may be.
5. Students are prohibited from forming associations/organizations and from holding functions in the college without the prior permission of the Principal. Students are prohibited from organizing welcome, farewell and other such functions outside college premises. Violation of rules will merit severe disciplinary action. The Principal's decision in all the matters of admission, administration and enforcement of discipline and general rules and other important instructions mentioned in this prospectus shall be final and binding on all.
6. **Library Access Pass :** Every student will get 2 Library Access Pass only after paying the security deposit of 1000/- Rs.
7. A student appeared in any dress or with a hairstyle, which is considered not to be in harmony with the environment, is restricted to enter the premises or remain in the campus unless such student changes his/her dress and hairstyle, so as to conform to the standard accepted by the institution. A student, who is found to be in objectionable dress or hairstyle, even after being once asked to change is liable to be suspended for a week from the institution. The decision of the Principal will be final and binding on all.
8. It has also been observed that often irrational playing of instruments disturbs the quite academic atmosphere. Therefore, Radios, Transistors, Tape Recorders, Mobile Phones, Walkman's or Musical instruments are not permitted in the campus except with prior written permission of the Principal. Any student found in possession of these instruments is liable to disciplinary action.
9. The student should be regular in attendance and his/her attendance for the day will be marked only when he/she is present for all sessions during the day.
10. The attendance for the tests and tutorials conducted by the college is compulsory.
11. Smoking or intake of any unhygienic product in the premises is prohibited. Any student doing such things will be liable for Penal actions.
12. Students should read the Notice Board regularly. The College will not be responsible for loss of communication to the student due to any negligence on the part of the student.

13. The student should strictly obey the instructions given by the Principal from time to time.
14. Student should have to pay the full college fees, other dues for the current academic year on them and then only his/her admission will get cancelled and T.C. will be issued for it.
15. Students eligible for Fee concession/scholarship will have to pay fees which are not reimbursed by the Govt.
16. Every student is required to clear all the college dues before submitting the University Examination Form. The student failing to do so will find his name struck off from the college roll.
17. The student admitted on a provisional basis will have to confirm his/her admission by complying with all the rules of admission within the time span fixed by the Admission Committee.
18. Ragging is strictly prohibited by the college as well as by a new law enforced by the govt. of Maharashtra in tandem with the central govt. Any student found guilty regarding the above said issue, He/ She will be liable for strict penal actions and legal proceedings thereof.

FACILITIES AT CMCS

CMCS provides its students the entire infrastructure necessary to make student life an epoch to remember. The college includes an Administrative Block, Teaching Block, a Library & a Computer Lab. It also has a Multipurpose Hall to accommodate around 500 persons at a time which is used to conduct Seminars, Debates, Annual Functions etc.

Computer Laboratory :

CMCS has one of the finest computing environments among computer and management institutions in the region. CMCS has 120 computer systems which are in a network. Computing infrastructure at CMCS offers a truly heterogeneous range of latest hardware and software platforms available from morning to evening. It represents the major attraction of CMCS for the students to appreciate and gain wide-ranging experience. Computer lab is equipped with Wi-Fi networking.

Electronics Laboratory :

As per the requirement of the syllabus of University, all the equipment's and apparatus are available in Electronics Lab.

Library :

The College has a well-stocked library with around 11,000+ Books. It has books covering all aspects of Management and Information Technology with the latest editions from the best Indian and foreign publishers. E-Journals on Management are subscribed as per syllabus.

The library has subscribed to various computer magazines and has a good collection of them on various subjects and has also the latest edition of Encyclopedia, and Daily Newspapers.

Library is kept open for 10 hours. Library timings are from 8.00 A.M. to 6 P.M.. There is an open access to all the students. Reference section is accessible any time during the library working hours. Students can borrow two books at a time. Almost all the books related to Computer, Electronics & Management are available in the library.

Communication And Personality Development :

To Groom the student's personality, the institute conducts Communication and Personality Development workshops for students. These workshops includes areas such as Communication Skills, Effective Public Speaking, Group Discussions, Personal Interviews, English Speaking, etc.

Presentations are done through Projector by the teachers and the students. We carry out these activities to create industry awareness and orient the students towards industrial work culture. For overall growth of the final year students, the Institute undertakes special training programmes that includes,

- Aptitude tests
- Psychological tests
- Resume writing
- Mock Interviews

Scholarship :

Every Year, Sanstha award Scholarships to eligible students. Scholarships are awarded on the basis of following categories.
